

Celebrating Student Successes

Whether individually, or as part of an ensemble or group, our students build skills through dedication and practice. Covington students are able to experience success first-hand by performing in numerous venues, earning awards, and showcasing their talents in a variety of ways.

With over 125 years combined experience, our teachers are committed to providing high quality fine arts education to all our students.

About Our Academy

Covington's Fine Arts Academy is a wonderful place to grow your creativity. Our Fine Arts classes help students build real-life skills for success. Students learn how to work together as part of a team, how to evaluate their own work, and constantly improve it. In addition, students learn higher level problem-solving skills as they create music, dance, theatre, and visual arts. Students may choose from the following strand options:

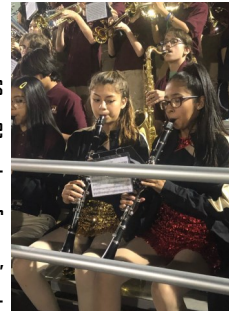

- ◆ Band
- ◆ Choir
- ◆ Digital Arts
- ◆ Orchestra
- ◆ Classical Guitar
- ◆ Theatre Arts
- ◆ Dance
- ◆ Visual Arts

When scheduling permits, students may take multiple strands.

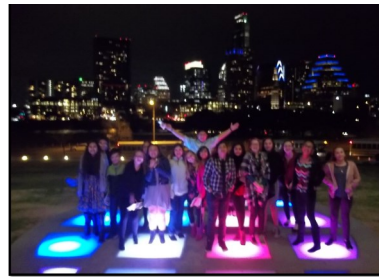

Academy Expectations

Students enrolled in our Fine Arts Academy are expected to uphold the highest standards. They must maintain academic eligibility in all of their courses, participate in performances, competitions, and contests as prescribed by their instructors, and represent Covington in a positive manner at all outside events. In addition each member must attend two outside performances per year in an area other than their primary strand.

Academy Benefits

By becoming an Academy member, students receive priority scheduling to insure a place in their strand courses. They have multiple social events at school throughout the year including our Academy Round-up, Ice Cream Social, and more. In addition, they have opportunities to attend outside field trips to events such as musicals, operas, exhibits and plays.
